We've already established networks and comms, Leo. So please listen carefully.

If you think for a FUCKING SECOND you're gonna be sending AMERICAN TAXPAYER-FUNDED "LAW ENFORCEMENT" out to be your "BROWN SHIRTS", ARREST AMERICAN FUCKING CITIZENS AND THEN CHARGE THEM WITH TERRORISM for EXERCISING THEIR 1A-PROTECTED GOD-GIVEN RIGHT TO FREE SPEECH, on behalf of motherfucking LIKUD, MOSSAD, UNIT 8200, UNIT 217 "DUVDEVAN", UNIT 262 "SAYERET MATKAL", CIA, the U.S. STATE DEPT (Blackstone Group/Israel), 9/11 ATTACKERS AND COVID BIOTERRORISTS, you're COMPLETELY fucking DELUSIONAL.

And ANY officers who would even ATTEMPT to make such TREASONOUS, ABSURDLY UNCONSTITUTIONAL ARRESTS of AMERICAN CITIZENS AT THE BEHEST OF SOME HOSTILE, PEDO-HAVEN FOREIGN NATION, TO PROTECT ITS GENOCIDAL LUNATICS AND TERRORIST OPERATIVES, run a HIGH RISK of NEVER MAKING IT HOME.

This article is about Richard DeVos Jr. For Richard DeVos Sr. (his father), see Richard DeVos.

Richard Marvin DeVos Jr. (/dəˈvoʊs/ *də-VOSS*; born October 21, 1955) is an American businessman, author, and former politician. The son of Amway co-founder Richard DeVos, he was CEO of the multi-level marketing company from 1993 to 2002. In 2006, DeVos ran for Governor of Michigan but lost to the then-incumbent Democrat Jennifer Granholm.[1][2][3] In 2012, *Forbes* magazine listed his father as the No. 351 richest person in the world, with a net worth of approximately US$5.4 billion.[4] DeVos is the husband of Betsy DeVos, the former United States Secretary of Education in the first Trump administration.[5]

Family and early life

DeVos was born in Grand Rapids, Michigan, the son of Helen June (Van Wesep) and Richard Marvin DeVos. His grandparents were Dutch immigrants.[6] DeVos is a graduate of the Forest Hills public school system.

He was involved in the family business, Amway, even as a child. "I still remember when it was in the basement of our home when I was growing up," he later said. "I remember the offices being down there and people working down there." As boys, he and his brother Doug were "tapped as mini-hosts", assigned to greet attendees at Amway's annual conventions, and they "helped out with everything from clearing plates during gatherings to ferrying guests to play tennis or waterski. That evolved to speaking in front of groups and even giving product demonstrations." DeVos later said that "It was kind of like a Junior Achievement atmosphere contained inside of Amway. ... We just hung around the company. It was your social activity."[7]

DeVos received a bachelor's degree in business administration from Northwood University. He later paid to attend, but did not complete, the Harvard Business School and the Wharton School's Executive Study Programs. DeVos has received honorary doctorates from Grove City College, Central Michigan University and Northwood University, as well as distinguished alumni recognition from Northwood University.[8][9][10]

His wife, Betsy DeVos, is the former chairperson of the Michigan Republican Party and the former Secretary of Education under President Donald Trump. She is the daughter of billionaire industrialist Edgar Prince, and sister of Blackwater USA founder Erik Prince.[11][12]

As you can see, Leo Terrell is Chair of the DOJ Task Force to Combat Antisemitism and Senior Counsel at the Justice Department. And what is HIS job description, you ask?
Let's just say, he's Chief Noticer of the Noticers™, if you will. Given his actions thus far, as well as his rather alarming business/professional conflicts of interest, it appears his entire role at the DOJ is to identify, doxx and destroy ANY and EVERY AMERICAN NON-JEW who might pose a threat or become a liability to the most culpable and implicated Jewish terrorists and criminals currently living in the United States. Said another way, his job is to prevent normie Americans like me from successfully thwarting "Bolshevik Revolution 2" being attempted by his bosses and colleagues. And no, that isn't satire either.
(For what it's worth, it's probably even worse than that.)
Leo Terrell is currently working directly with Israeli spies against the American people to identify, doxx and destroy livelihoods of normie non-Jew Americans who aren't on board with our government's carte blanche support of genocidal apartheid ethno-supremacist nations like Israel. That certainly makes sense, considering Leo Terrell previously worked at the NAACP, which was Co-Founded by Rabbi Stephen S. Wise, the "father" of Reform Judaism, the Co-Founder of the World Zionist Organization, the purveyor of the NWO "one-world government" controlled by Jews, the coiner of the historic headline "Judea Declares War on Germany" prior to World War II, and the man who once (infamously) said "Some call it communism, I call it what it is — Judaism."
(PS: Fuck Liora Rez, btw.)
LEO TERRELL
Leo Terrell Biography

But that's not all, sports fans. There's THIS, which will end up being Leo Terrell's biggest problem of all — All American Entertainment (AAE). Not familiar with them? Cool. I wasn't either until just a few days ago, when I came across AAE while trying to find and unwind the "unseen paper trail" of Jewish bribery that currently has the Pam Bondi and Leo Terrell DOJ running such an obvious and highly-committed obstruction racket from the White House.
So what is AAE?
AAE is an agency that represents the interests of TALENT BUYERS, who are their clients, and Leo Terrell just so happens to be "the talent" on sale for an eye-popping "speaking fee" of $50,000-$100,000 at a time!!!
(No. I'm not fucking kidding. Not even a little bit. 🤦🤬)
And who, might you ask, are their CLIENTS?
Lol. All American Entertainment's clients are basically a "Who's Who" of the most CLEARLY IMPLICATED CRIMINAL JEWS and JEWISH ORGANIZATIONS, ENTITIES and BUSINESSES behind the creation, release and coverup of COVID, the REMDESIVIR/ INTUBATION/HOSPITAL MURDERERS and the VACCINE TYRANNY!

🎵"If you havin' goy problems, I feel bad for you, son. I got 99 albums of a bitch named Ronn."🎶🎤

Oy vey, fellow goyim! Just LOOK at all these problematic exhibits relating to The Heritage Foundation, Project Esther, Likud (Betar/Kahane Chai/JDL), McCain Institute, USAID, Coalition for Jewish Values and The Atlantic… it's ALMOST like The Heritage Foundation and TPUSA are OVERRUN with the same fucking ISRAELI GOVERNMENT-TIED BAD GUYS! Weird.

🚨PRO TIP 1: If RONN TOROSSIAN, the JABOTINSKY/BEGIN-ITE "MILITANT ZIONIST" lunatic leading Betar and member of the KNOWN TERRORIST ORGANIZATION, Kahane Chai/Jewish Defense League (which SHARES ITS HQ with LIKUD HQ), is giving your "PROJECT ESTHER" his praises, it's NOT something to benefit AMERICAN CITIZENS. In fact, it's more likely to be DIRECTLY HOSTILE to WHITE AMERICAN NON-JEWS, to CHRISTIANS, to CHRISTIANITY writ large and to AMERICA'S CONSTITUTION ITSELF.

*It makes it even better that Torossian, via his BETAR WORLDWIDE TwitterX account, STRONGLY ADVOCATES for NETANYAHU and the IDF to SPECIFICALLY TARGET, BOMB & DESTROY CHRISTIAN CHURCHES AND/OR HOSPITALS in GAZA/WEST BANK.

🚨PRO TIP 2: If your DIRECTOR OF DIGITAL STRATEGY (ORY RINAT) helped GHISLANE MAXWELL ASSOCIATE, LAURENE POWELL JOBS, establish its ENTIRE DIGITAL MEDIA PRESENCE and PLATFORM, you're almost CERTAINLY a COVEN for PEDOPHILE BIOTERRORISTS AND KID TRAFFICKERS.

*That's not even CONSIDERING his U.S. STATE DEPT as DEPUTY ASSISTANT SECRETARY work for U.S. STATE DEPT COO, TOM NIDES, VICE CHAIRMAN of BLACKSTONE GROUP, the ISRAELI AMBASSADOR, an ADVISORY BOARD MEMBER of DUKE KUNSHAN in WUHAN, CHINA [COVID/CCP]) and URBAN ALLIANCE CO-FOUNDER with BIDEN COVID CZAR and AUTOPEN FRAUDSTER, JEFF ZIENTS. Nor does it consider his work with ASPEN IDEAS (ASPEN INSTITUTE/PRITZKER JEWS/ZOHAR/ECOHEALTH/MCLARTY ASSOCIATES/EQT/WALLENBERGS) and as CHIEF DIGITAL OFFICER at the WHITE HOUSE.

TPUSA Koch Connection

In addition to its ties with the Koch-funded Leadership Institute, Turning Point USA has received support from a range of Koch-tied groups. In 2017, The Foundation for Economic Education (FEE) sponsored TPUSA's Student Action Summit. FEE is a partner organization of both TPUSA[34] and the Charles Koch Institute.[35]

Groups funding FEE include The Charles G. Koch Foundation, as well as the dark money groups DonorsTrust and Donors Capital Fund.[36] Justin Steiff, the director of development for FEE,[37] is on TPUSA's advisory board.[38]

The Heritage Foundation is another partner organization of TPUSA,[39] and sponsored their 2017 Student Action Summit.[40] According to Greenpeace, the Foundation has received over $5 million from Koch Foundations between 1997 and 2015.[41] Another partner organization, the National Review Institute, is a recipient of Koch Funding.

TPUSA advisory board member[42] Adam Brandon is president of the Koch-affiliated group FreedomWorks.[43] FreedomWorks' predecessor, Citizens for a Sound Economy (CSE), was founded by the Koch brothers. Both CSE and FreedomWorks have received millions of dollars from the Koch family foundations, DonorsTrust, and Donors Capital Fund.

Project Esther

Article Talk

Project Esther is a project of The Heritage Foundation, a conservative think tank based in Washington, D.C., that aims to suppress pro-Palestinian protests and what it classifies as antisemitism. The effort has received support from several evangelical Christian organizations but no major Jewish ones.[1][2]

Project Esther	
Established	October 7, 2024; 9 months ago
Location	Washington, D.C., U.S.
Services	Opposition to pro-Palestinian protests and antisemitism
Leader	Victoria Coates
Publication	*Project Esther: A National Strategy to Combat Antisemitism* (2024)
Parent organization	The Heritage Foundation

According to *The New York Times*, *Slate*, *Haaretz*, *The Forward*, and *Jewish Insider*, Project Esther does not address right-wing antisemitism.[1][2][3][4][5] It has also been criticized for incorporating antisemitic tropes into its rhetoric.[6] Project Esther broadly labels criticism of Israel as terrorism and calls for targeting universities, students, and American progressive politics and politicians.[2]

Politico described Project Esther as "a lesser-known blueprint from the same creators of Project 2025."[7] In May 2025, *The New York Times* found that the second Trump administration had called for or acted upon more than half of Project Esther's proposals.[2]

History

The Heritage Foundation launched Project Esther in October 2024; it is named after the biblical figure Esther,[8] and incorrectly claims Esther appears in the Torah.[8] The plan was drafted by Victoria Coates, Robert Greenway, and Daniel Flesch following the October 7 Hamas-led attack on Israel.[2] The project describes pro-Palestinian groups as part of a "Hamas Support Network",[9][10] and aims to dismantle the pro-Palestinian movement in the U.S., its support at schools and universities, progressive organizations, and in Congress by labeling them as "effectively a terrorist support network".[2][11] According to *The New York Times*, the plan built on efforts from summer 2024 to create a national strategy to "convince the public to perceive the pro-Palestinian movement in the United States as part of a global 'Hamas Support Network' that 'poses a threat not simply to American Jewry, but to America itself.'"

The project reportedly struggled to find Jewish organizations with which to partner, while sidelining those that do partner with it.[1][12] Several Jewish and Christian Zionist organizations told *The New York Times* that they did not want to associate with the plan because its failure to focus on right-wing antisemitism was too partisan.[2]

Goals and tactics

As part of its plans, Project Esther said it would wait until a friendly presidential administration, after which "We will organize rapidly, take immediate action to 'stop the bleeding,' and achieve all objectives within two years." A *New York Times* report found that many of the second Trump administration's actions called for and closely matched more than half of Project Esther's proposals. In an interview with *The Times*, Project Esther's architects said that while there were "clear parallels" between its proposals and Trump administration actions, Heritage officials did not know whether the White House had used Project Esther as a guide.[2]

In January 2025, a report by *The Forward* revealed a leaked pitch deck the Heritage Foundation sent to Project Esther donors that included a plan to identify and target Wikipedia editors the group said were "abusing their position" by publishing allegedly antisemitic content.[13][14]

The New York Times described Project Esther's goal as "branding a broad range of critics of Israel as 'effectively a terrorist support network,' so that they could be deported, defunded, sued, fired, expelled, ostracized and otherwise excluded from what it considered 'open society.'" It highlighted attempts to remove curriculum viewed as "Hamas support" from schools and universities, remove "supporting faculty", purge social media of alleged antisemitic content, rescind institutions' public funding, and revoke visas for and deport those who engaged in pro-Palestinian advocacy.[2]

Project Esther accuses "America's Jewish community" of "complacency". Its sole Jewish co-chair, Ellie Cohanim, has criticized other Jewish groups combating antisemitism.[2] Project Esther has sought to identify those who attend pro-Palestinian protests as engaging in "material support" for terrorism, and targeted groups such as Jewish Voice for Peace and Students for Justice in Palestine. Project Esther's pitch materials were first reported on by *The Forward*, which highlighted its goals as reforming academia by defunding institutions, denying some pro-Palestinian groups access to campuses, and removing faculty. It also supported lawfare through filing civil lawsuits and identifying foreign students for deportation, and planned to enlist local state and federal law enforcement to "generate uncomfortable conditions" to dissuade groups from protesting.[2]

Coalition for Jewish Values

Article Talk

The **Coalition for Jewish Values** is an American Orthodox Jewish right-wing advocacy organization founded in 2017.[1] In 2022 it claimed to represent over 2,000 Orthodox rabbis.[1][2] Critics described it as a fringe group with little support in the Orthodox community,[1][3] but supporters call it a "Torah voice".[4][5][6]

"John Barsa is a principled conservative and an excellent choice to serve as the new leader of the U.S. Agency for International Development. In this new capacity, he can promote the president's agenda for aligning foreign aid with U.S. national interests.

"Prior this appointment, Barsa was confirmed by the Senate to lead the Latin America and Caribbean bureau at USAID where he worked to restore democracy in Cuba, Nicaragua, and Venezuela. The bureau also did critical development projects in Central, South America and the Caribbean. Before USAID, he served at the Department of Homeland Security and played a key role in the reconstruction efforts in Puerto Rico in aftermath of Hurricane Maria.

"The Heritage Foundation has worked closely with Barsa, and our teams are thrilled to see him step into this new role at USAID. We are grateful for Administrator Mark Green's leadership at USAID and look forward to continuing working with him in his new role at the McCain Institute."

SITREP: Really unfortunate timing by @RepFine to be advocating for hilariously treasonous Israeli "Noahide" bullshit on behalf of a foreign intelligence front like The Heritage Foundation, sports fans.

I LOVE that @RepFine just straight up called her a "Muslim terrorist" with absolutely zero basis for it other than "on video being (appropriately) mean to IDF douche". Just blatant slander/defamation/libel/etc.

I want to address some of the discussion about the lack of an exit wound with Charlie. I'm usually not interested in delving into most of this kind of online chatter, and I apologize this is somewhat graphic, but in this case, the fact that there wasn't an exit wound is probably another miracle, and I want people to know.
